

IR30451/S/P

CARACTERÍSTICAS

Wolf induction technology offers consistent, precise temperature control and nearly instantaneous temperature adjustment response

Every induction zone features Boost Mode for quick boils. The new 5500-watt zone supercharges Boost Mode to heat liquid in even the largest pots with incredible speed

Sturdy knobs mimic the experience of cooking with gas, offering precision across the temperature range. Flick past the highest setting to quickly engage Boost Mode

Slick ceramic glass surface resists scratching, staining, and impact; because the cooktop stays relatively cool, spills wipe off easily

The Bridge function joins two induction zones into one large area, enabling use of an induction-capable griddle, open roaster, or fish poacher

Wolf's Dual VertiFlow™ convection system provides reliably even heat, reduces hot and cold spots, and enables consistent multi-rack cooking

Elimine las dudas a la hora de cocinar con los 10 modos de cocción creados por el chef: hornear, asar, convección, rostizar por convección, deshidratar, Gourmet, fermentación, rostizar, piedra y calentamiento.

El modo Gourmet ofrece casi 50 configuraciones preestablecidas para controlar el horno de forma automática para garantizar que obtenga resultados deliciosos

Control your range from wherever you are using our convenient Owners' App—remotely preheat, adjust temperatures, select modes, and more

Stainless-steel construction, heavy-duty handles, and Wolf's iconic knobs make a striking statement and coordinate elegantly with similarly styled Sub-Zero, Wolf, and Cove appliances

ACCESORIOS

30" Induction Range Brushed Brass Bezel Kit

Bandeja de horno de primera calidad de 30"

Bandeja multifunción

Conjunto de rejillas de deshidratación de 30"

Kit de piedra para hornear

Parrilla para asar de 30"

Rejilla de horno de rodamientos de extensión completa de 30"

Sonda de temperatura

5" and 10" stainless steel risers, and 20" riser with shelf

Professional Induction Range Knob Kits

Cubiertas extensibles para las patas delanteras

Cubiertas de las ruedas traseras

Chapas de protección de acero inoxidable

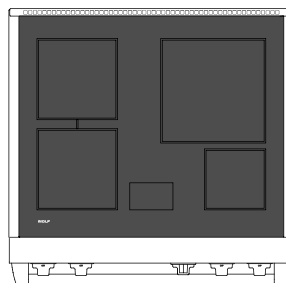

Accesorios disponibles a través de un distribuidor autorizado. Para obtener información sobre los distribuidores locales, visite wolf.com/locator.

OPCIONES DE POMOS

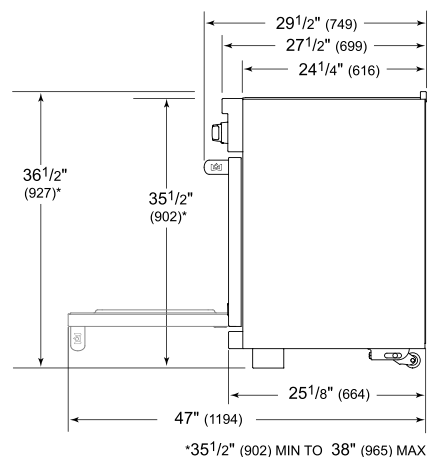

CONFIGURACIÓN SUPERIOR

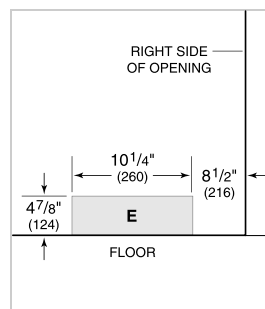

ESPECIFICACIONES DE LA PLACA DE COCCIÓN

- Cuatro zonas de inducción
- 1 - Zona de 15 cm (6") de 1,400 W con potencia de 2,200 W
- 2 - Elemento de 20 cm (8") de 2,100 W con potencia de 3,700 W
- 1 - 11" 2,600 W Zone with 5,500 W Boost

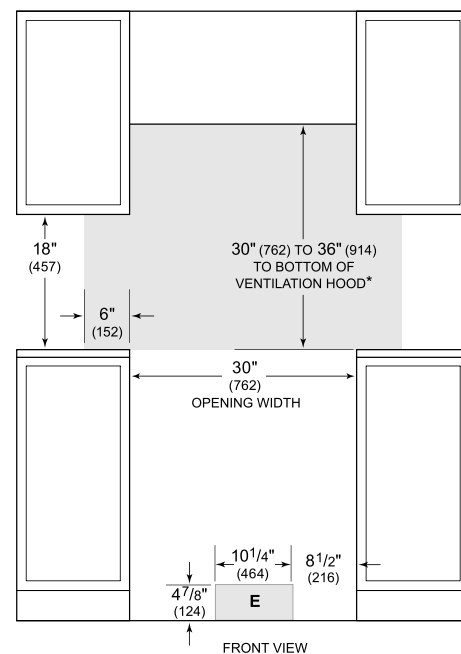

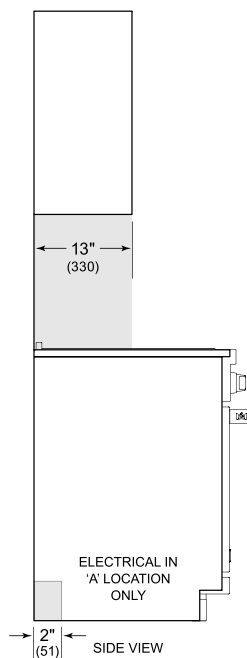

DIMENSIONES

STANDARD INSTALACIÓN

NOTE: Dimensions in parenthesis are in millimeters unless otherwise specified

*Without ventilation hood, 36"(914) minimum clearance countertop to combustible materials.
NOTE: Shaded area above countertop indicates minimum clearance to combustible surfaces.
Combustible materials cannot be located within this area.
For island installation, 12"(305) minimum clearance back of range to combustible rear wall above countertop.
